Learning support

- Class time is limited and we have no recitation hour.
  Please do your required reading, and do not expect instructor to do (many) exercices in class.
- I will come to class 10-15 minutes ahead of schedule to answer questions.
- We offer plenty of opportunities for individual help.
  Please respect office hours.
- Beyond office hours, communicate with us by email as much as possible.
- **Do ask** for additional help sessions, and
  do not miss them when they are offered

Feedback mechanisms

- Quizzes are corrected in class.
- Homework and glossaries are promptly corrected.
- Grades are listed in great details at board outside my office.
- Students who are not performing are contacted directly. Grades are monitored, but I cannot force you to work.
- Your suggestions for improving the course and our feedback mechanisms are welcome, carefully considered, and implemented as quickly as possible.
- Please let us know what other feedback you expect.
